

# Blake's Victory

## BLAKES CLASSIC TOILETS

Blakes Marine Toilets are hand-assembled, using top quality, materials to withstand the rigours of marine usage. They offer yachtsmen all over the world an exceptionally long working life and are renowned throughout the sailing fraternity. The reliability of the simple classic designs is such that original models from the 1920's are still around, and 30 to 40 year-old examples are common.

## THE BLAKES MARINE TOILET

Now manufactured with improved gland (pump top) seals. The castings for all models are manufactured in bronze to give maximum corrosion resistance.

Separate pumping systems ensure that clean water and waste are never mixed. Suitable for use with holding tank. Safely fitted above or below the water line. All models have an oval, white, easy to clean vitreous china pan and a white seat and lid. A mahogany seat and lid option is available.)

## THE BLAKES VICTORY

A much larger discharge pump to cater for the bigger boat.
