

## Masterflush 7000 Series New "Orbit" Design

Maximum comfort in the smallest space was the challenge faced by the designers of the Dometic Master-Flush® 7100 series.

The new macerator toilet gives boat owners homelike comfort and hygiene in the smallest room on board: a residential-size seat, a deeply sloped bowl, and an aesthetically appealing round front. All of this without requiring a premium price. The space-saving toilet is ideal for retrofitting – it fits the plumbing points of most commonly used boat toilets.

The 360° ORBIT installation feature means the base can be fixed to any angle to the bowl to avoid walls or adapt to diverse plumbing layouts. Another asset is the highly effective macerator system. Its 10-blade stainless steel cutting wheel pulverizes waste and pushes it to the holding tank. Maximum effluent flow minimises the chance of odour permeation, so boat owners and their guests can enjoy their cruise in complete comfort and convenience.

Part No(Model):	Domestic Size Bowl		Marine Size Bowl	
	12v	24v	12v	24v
Fresh Water flush	712005	712006	722005	722006
Raw Water flush	716005	716006	726005	726006

### Technical Specifications:

#### Water Supply

Water Pressure	20 - 45 PSI
Flow Rate (Fresh water)	8 lpm (minimum)
Water Connection	½" BSP Fresh Water ¾" BSP Raw Water

#### Pump discharge

Waste Outlet	1½" (38mm)
Max Horizontal Run	12.2m / 40ft
Max Vertical Head	1.2m / 3ft
Weight	16Kg

#### Power Supply

Electric Consumption:	12 Volt	20 Amps
	24 Volt	10 Amps
Electric Circuit Breaker:	12 Volt	25 Amps
	24 Volt	15 Amps

### Dimensions:

	7120, 7160	7220, 7260
